JAE Posting

- Do consider your course choices wisely. Posting is based on merit according to your net aggregate scores (taking into account the various bonus points eligible).
- Make use of all your **12 choices**. Advisable to indicate at least 2-3 courses where your aggregate scores are much better than the previous year's course cut-off points (COP).
- Appeals for transfer to another JC are not likely to be successful unless you meet the COP of the JC course for that year's JAE.

JAE / JIE for O Level Students

- If you did not receive a JAE posting, ITE might offer you a place in a Nitec course soon after the release of the JAE posting results.
- If you hear from ITE, do consider the offer carefully, as it will give you a chance to continue your studies.
- If you have accepted ITE's offer, you still have the option of appealing for a Higher Nitec course during JAE appeals.

JAE Appeals

- **Which courses should I appeal for?**
 - You can only appeal for courses where you meet the current year's cut-off point, as well as the Minimum Entry Requirements (MERs)
 - Refer to the JAE appeals website for information on the net aggregate range for specific courses for the current year
 - Refer to the JAE booklet for information on the subject-specific MERs on courses that you are interested to appeal
 - Apply for a range of courses offered by ITE as appeal postings are subject to available vacancies

JAE Appeals

- **How do I appeal for a course?**
 - Submit your appeal through the JAE appeals website: <https://jaeappeal.edu.sg>
 - Use all your 6 JAE appeals choices carefully
 - For additional advice, you can approach your school teachers, ECG counsellor and parents, or visit the ECG centre at MOE Grange Road

After JAE Appeals

How do I check for my JAE appeals outcome?

- You will be informed of your appeal outcome through the online appeals portal, as well as through SMS notifications
- Look out for your appeal outcome, and consider the course you were posted to carefully

After JAE Appeals

Can I still appeal after the end of JAE appeals?

- Yes, you can still appeal directly to ITE for courses that you are interested in
- You can do this even if you have accepted the posting offered through JAE appeals

A meaningful career isn't only about pay and working hours, as important as those factors may be. One way to have a meaningful career is to have our work contribute towards the world around us. It doesn't have to be something grand like "eradicating poverty" - it can be in small yet impactful ways to our community and society.
